

## Historical Sightings 1966 - Part 2

- USA, Michigan, Dexter: Frank Mannor and his son, Ronald, saw a luminous object hovering over a swamp. It was described as brown, with a "scaly" surface, cone-shaped, and showing bluish lights that turned red. Then the whole object lighted up with a yellowish glow and flew away at high speed with a whistling sound.
- USA, Michigan, Hillsdale: William Van Horn, Civil Defense Director, and a group of students observed a pattern of lights on the ground. The source of the light appeared to maneuver for about two hours.
- USA, Michigan, Milan: A police officer observed an object in the southwest. He thought it was a plane about to crash, although no sound was audible. He tried to contact the police headquarters, but his radio transmitter did not work properly. The object, which now had colored lights spinning at the periphery, and a diameter of 16 m, came within 25 m of the patrol car, following it for 1 km, then flew off toward the north-west. The witness had been a policeman for 10 years, and had never seen anything like that object.
- USA, Michigan, Milan: The policeman who had observed an object over Milan on Mar. 17 saw an unidentified machine on the ground at a street intersection. He drove toward it with his headlights illuminating the object, which took off like an airplane, flying away to the southeast. Investigation by Selfridge AFB.
- USA, Michigan, Vicksburg: A man driving home saw lights on the road and discovered a gray, lens-shaped object hovering at 1 m altitude. It had one intense white light and three colored flashing lights. Driving within 2 m of it, he became afraid and backed up, but the object suddenly flew over and behind him. A noise similar to that of a swarm of bees was audible. It left at high speed toward the east.
- USA, Michigan, Washtenaw County: Between March 14 and 20, Washtenaw County sheriffs and police in neighboring jurisdictions reported disc-shaped objects moving at fantastic speeds and making sharp turns, diving and climbing, and hovering. At one point, four UFOs in straight-line formation were observed. Selfridge AFB confirmed tracking UFOs over Lake Erie.
- USA, Missouri, Liberty: Darlene Underwood and her mother saw two starlike objects land in a field. One of them rose rapidly when a train came into view. It went behind a hill, while the second one hovered at tree height with its lights off. When the train had passed, both objects landed again and two manlike shadows were seen. Voices shouting in a foreign language and what sounded like a pig being butchered were heard. Light signals.
- USA, New Jersey, Bavonne: Two local businessmen observed a dark, gray, metallic sphere, from the top of which projected a dozen "tentacles" over 2 m long, flying at

about 40 m altitude and then coming down behind a house. It was assumed that it plunged into the bay, but a search by patrol boats was unsuccessful.

- USA, New York, Durhamville: A woman was awakened by a flash, thought her heater had exploded, but found everything in order. The next day she was told that a pulsating, luminous object had flown at very low altitude over her trailer, circled and left. Three witnesses. Low buzzing sound.
- USA, New York, Franklin Springs: A man saw an object descend from a cloud bank, slow down, and land with a soft whirring sound. It showed three horizontal bands of light-blue, red and green.
- USA, New York, Hamburg: A 61 year old civilian woman was reading when an intense red light illuminated the ground near her house. She went outside and saw a lighted object 20 m away 1 m in diameter, which backed up and flew away "like a bullet." Three other persons saw it from the next house.
- USA, New York, Lake Tiorati,: The west side of the Hudson River, three fishermen noticed an unusual circular metallic flying object. One of the men grabbed a box camera and managed to snap four pictures before it flew away over Stockbridge Mountain.
- USA, New York, Lycoming: A civilian woman, 42, went to get a glass of water in her kitchen and saw a spinning object, 3 m in diameter, 6 m above ground near her house. It departed very suddenly, leaving a trail.
- USA, New York, Oswego: Several civilians reported an object that flew slowly toward the south, hovered, came within 15 m of them, and finally flew off toward the southwest.
- USA, North Carolina, Mount Mitchell: Four campers saw an object with three flashing red lights land on the ground 200 m away. It remained there all night, rose at dawn, was then observed through binoculars as a red-colored, bell-shaped craft. Broken trees and other traces were found.
- USA, North Carolina, Vancehars: A man driving between Greenville and Vancehars saw a glow in the woods and was followed by the light even at speeds of 170km/hr [105.6 mph]. He finally stopped to observe it, but became afraid when he saw that it came from a pulsating object that flew within 100 m of the car, 15 m above ground. The color changed in sequence, orange to red to blue to green, and the object wobbled on its axis. It came within 30 m, then suddenly left straight up.
- USA, North Dakota, Donnybrook: A border patrolman saw a bright, shiny disk on its edge, 10 m in diameter, 5 m high, floating down the side of a hill, wobbling from side to side, 3 m above ground. It reached the valley floor, climbed to about 30 m, and moved across to a small reservoir where it assumed a horizontal position. A dome then became visible on top of the disk. It hovered for one min and seemed about to land less than 80 m away, but tilted back on edge and flew into the clouds at high speed.

- USA, North Dakota, Minot Air Force Base: An airman observed and reported by radio a multi-colored light high in the sky. A strike team was sent to his location and confirmed the unknown. A second object, white, was seen to pass in front of clouds. At the radar base, an object was detected and tracked. The observations lasted nearly 4 hours and were confirmed by three different missile sites. Radio interference was noted by teams sent to locations where the object was sometimes described as hovering at ground level.
- USA, North Dakota, Stirum: A child of 11 years saw a disk-shaped object land near a farm. It had a tripod landing gear, two red lights, two white and one green light, and a transparent dome. A businessman from Gwinner and an Air Force Lt. Col. went to the site and discovered three traces, apparently left by spherical objects, 18 cm deep, very compact. Radiation measured at 0.1 milliroentgen (normal). The child reported that the object "went away so fast that it vanished."
- USA, Ohio, Mansfield: An anonymous witness saw a round object with two lights land near the Ohio State University campus. A door opened and a very thin, child-sized figure was seen. The object then began to move toward the witness's car and rose rapidly.
- USA, Ohio, Toledo: A civilian man, 43, driving west between Kansas and Toledo, saw an object appear out of nowhere. It was cigar-shaped, bright metallic, and flew low to the northeast. Minimum distance: 30 m. The object was completely silent, and the size of an airliner.
- USA, Oklahoma, Tangier: A civilian man, 34, was driving about 10 km south of Tangier when he reached a hilltop and saw a green object flying north at very high speed, emitting a shrieking noise and a "heat wave." The car engine died. The witness noted that the object was wider than the road.
- USA, Oklahoma, Temple: An electronics instructor, who was driving to work at a local Air Force Base, observed an object blocking the road. It was shaped like an airplane fuselage, 25 m long, with a "bubble" on top resembling the canopy on a B-26, rested on legs, and had very bright aft and forward lights. There was a door and a short stairway to the side of the object, and a man in coveralls appeared to be examining the craft which bore the identification "TL 4768" (see case 417). When the witness approached, the "pilot" went back inside, a sound resembling that of a high-speed drill was heard, and the object rose. No engine was observed. The witness was familiar with all conventional military aircraft.
- USA, Oklahoma, Texahoma: Two civilian women were driving back from Amarillo when they saw an object approaching from the north. The engine died and the headlights failed. The object flew over the car and hovered 400 m away. After 10 min, the witnesses were able to start their car and leave. They reported the object had a waffle-like surface and glowed with an intense red light.

- USA, Pennsylvania, Erie, Preque-Ile Park: Young witnesses reported an object flying erratically and landing 300 m away. It had the shape of a mushroom and swept the area with a light beam. A strange being, 1.8 m tall, was seen. Police report.
- USA, Pennsylvania, Greensburg: A civilian man, 43, saw a well-defined object 5 m above ground, 100 m away. It showed a flashing red light, rose, was lost in the fog, then came back at treetop level with a strong whistling sound. Its shape was that of a cigar, 15 m long. It had no wings, tail assembly, or wheels.
- USA, Pennsylvania, Union-Kirkwood: Two civilian women saw a red, luminous object 30 m away in a field. It had small openings and made a whirring sound. Length, 30 m; height, 6 m; duration, 90 min.
- USA, Pennsylvania, West Point City: Two witnesses observed a stationary object 3 m above ground. It had a diameter of 7 m, lights on top and bottom and smaller lights at the rim. It flew away very fast to the east.
- USA, South Carolina, Gaffney: Patrolmen A.G. Huskey and C. Hutchins saw a dark, spherical machine with a flat rim land near them. Estimated diameter: 7 m. An opening and a short ladder became visible, and a small man, dressed in a shiny gold suit, emerged, came within 6 m of them, and spoke in perfect English before taking off.
- USA, Tennessee, Alto: Two civilian men stopped to watch an object hovering above a swamp, tried to follow it, but it flew away. They observed that animals (cows, dogs, horses) were restless in all the areas that the object crossed. A photographic reconstitution by the U.S. Air Force showed an oval object, 30 m long, flying at 5 m altitude, between a high-tension line and a row of trees.
- USA, Tennessee, Fayetteville: A man driving at a speed of about 100 km/h suddenly encountered a large lighted object 1 m above the road on a hilltop. It flew off, as the car engine and headlights died. The light bulbs had to be replaced. The object was oval, 7 m long, dark gray, and showed about 30 lights along its periphery.
- USA, Texas, El Campo: A police officer was driving at nearly 200 km/h toward the north on Route 71 when he suddenly saw an object on the road ahead and another one following his car. The first one looked like a flaming car and was the size of a 3-story house.
- USA, Texas, El Campo: Mrs. Mark deFriend, 32, saw an object at ground level in front of her car on a rainy night. It would leave the road and fly over the fields from time to time. The greenish-blue object flew back in front of the car, then was lost to sight behind some trees.
- USA, Texas, El Campo: Two witnesses observed a dark, red object land by the side of the road, later following their car.
- USA, Texas, Millersville: A person in a car saw an oval object the size of a car follow his vehicle, then cross the road behind it at 5 m altitude. The object reflected sunlight.

- USA, Texas, Pecos: An elongated object about 30 m long and 9 m high was reported to have landed near a highway for 5 min.
- USA, Texas, Pedernales River: Tom M. Lasseter, architect, was camping near the river when he was awakened by a fluttering sound and observed a glowing white disk, 7 m in diameter, at treetop level 60 m away. It had a row of lights.
- USA, West Virginia, Follansbee: A young man saw a silent object shaped like two bowls glued together, 30 m altitude, ahead of his car. Estimated diameter: 10 m. He drove away without looking behind.
- USA, West Virginia, Fork: James Roberts saw two round pinkish-red objects on a hillside near his home. He fled when they took off with a hissing sound, emitting streams of fire.
- USA, West Virginia, Parkersburg: W. Derenberger, salesman, saw a dark object ahead of him on the road. It was flat on the bottom and rounded on top. As he stopped, the object came within 20 cm of the road surface, and a man of dark complexion, dressed with a shirt and ordinary trousers, both a shiny blue color, came out, smiled at the witness who then thought that he received a message, although no word was spoken. The message described a hypothetical "other world" and suggested that the observation be reported to authorities. The man also promised to return. Several people who drove by the witness did report seeing a man speaking to him, as well as a strange vehicle nearby.
- USA, Wisconsin, Durand: About 15 km east of Durand, Mrs. E. Bruns and her two children observed an elongated object, about 10 m long, with revolving lights, hovering 1 m above ground and making a deafening noise. After 30 sec, it tilted and took off.
- USA, Wisconsin, Sheboygan: Two women saw a glowing object on the road. As they came near it, they found that it hovered and showed two intense white lights, as well as a green and red light. The object was bowl-shaped, and they lost sight of it when they drove away. They saw it again later, flying low on a south-north trajectory.
- Venezuela, Barinas: Three hunters, E. Beucomo, J. Zapata and J. Ramos, observed a strange glow in the forest and discovered a very large, egg-shaped object, stationary 2 m above ground. It had large, circular openings emitting a multicolored light, and it made a whistling sound. The hunters ran away.
- Venezuela, Marisela Caracas: A man observed the landing of an oval object and two beings, who came out of the object through a system of light beams. They used strange instruments to examine a number of objects, especially plants. They were 2 m tall, had oversized heads, appeared bright and "transparent." Their eyes were slanted, their shoulders very broad. They wore no apparent weapon, but their belts were very wide and emitted light rays. They did not touch anything without first illuminating it with these beams. They went back aboard their craft "as if carried by the light."
